BACKGROUND

This amendment programs \$1,000,000 in FY 2001-02 from Alameda County's Unprogrammed Share Balance towards a \$2,500,000 project to reconstruct Route 61/Langley Street in Alameda County.

Currently, there is limited access to the Oakland International Airport North Field, a major hub of air cargo, business, and general aviation activity in the San Francisco Bay area. The unsignalized intersection of Langley Street and State Route 61 (Doolittle Drive) is one of only two existing access points to the North Field, and currently operates at an unacceptable level of service. This project will improve traffic safety at the intersection of State Route 61 and Langley Street, and will enhance overall access to the Oakland International Airport North Field.
